CARNIVAL NOTES. The Carnival committee is very busy just now and are leaving nothing undone to make the occasion the success it should be. One of the features which should interest every lady in Beaumont is the art exhibit. Mrs. W. A. Ward has charge of the paintings and Mrs. Flora Shea of the fancy needle work and embroidery. These ladies are anxious to make the art exhibit something which will be a credit to Beaumont and fully in keeping with the Carnival.

They ask The Daily Enterprise to say that they desire the hearty support of every one in the city who love fine arts, and hope that those who have works of art they will loan for the exhibition will offer their pictures, etc., without a personal solicitation. A representative of the Pan American Decorating company arrived this morning and later will call on the business men and see about decorating the stores. This company can do the work cheaper than the business men can do it and then there will be uniformity of decoration.

NATHAN SELLS IT FOR LESS. For the Southern industrial convention which convenes at New Orleans December 4 to 9, inclusive, Mayor Wheat this morning appointed the following delegates: L. D. Polk, W. L. Thompson, Mike Welker, Wyche Greer, J. T. Gossett, W. B. Dunlap, B. D. Hurd, J. H. Hoops, Mark Weiss, Lee Blanchette, W. P. H. McFadden, O. B. Greaves, C. W. Georges and Clyde Fletcher.

A great deal of good is expected from this convention and Mayor Wheat has endeavored to select only those who are likely to attend and a sufficient number that there will hardly be any doubt but what some of them can spare the time to go.

Jefferson county's interests are becoming so thoroughly developed that we can hardly afford to go without representation at any of the various industrial and irrigating conventions being held throughout the country.

Mayor Wheat has done his part and it now rests with those who have the honor of being appointed to represent Jefferson county to do the rest.

NATHAN SELLS IT FOR LESS. LEG BROKE. Yesterday afternoon John Lyle, a colored employee at the International Creosoting and Construction company, had his right leg broken and other wise badly bruised up by a falling log.

Lyle was working among some piling that was being loaded on a car by means of a derrick and he was directing the stick when his cant hook slipped and allowed the log to roll on him.

He was taken to his home and given proper medical attention.

If you are going to California this winter, or expect to visit Arizona or Northern New Mexico, it will pay you to make the trip via the Trinidad gateway, using the unequalled service of the Denver road in connection with the Santa Fe through service to the coast.

It is indeed a plant of slow growth. To win and to hold the good opinion of a man whose public is the correct opinion of almost every honest merchant. It is not won in a day nor a year. Our great success is the result of years of hard, honest selling and unswerving determination to get within the natural range of public opinion, despite the cost and the temptation that beset all worthy endeavor. The policy today will ever remain in the future. Lower prices than others; better goods than others; pleased at all cost; accounts opened; very liberal terms.
